**Property Tax Journal Index**
**Volume 11, 1992**

## Author Index

Benjamin, John D., see Sirmans, G. Stacy.

Birch, John W., Mark A. Sunderman, and Thomas W. Hamilton. Adjusting for vertical and horizontal inequity: Supplementing mass appraisal systems. September: 257–76.

Borst, Richard A. Review of computer-assisted review assurance (CARA): A California case study. March: 81–2.

Davee, James, see Nagel.

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

Hamilton, Thomas W., see Birch.

Hort, Katinka, Bengt Kjellson, and Bengt Turner. The Swedish property tax. December: 313–29.

Johnson, Thomas E., Jr. Thailand's proposed asset tax: A solution to increasing urban land prices? June: 207–22.

Kjellson, Bengt, see Hort.

Moesch, Sheila McCarthy. Comments on Nagel, Thompson, and Davee, Combining laser videodisc and digitally stored video images into a single logical database. March: 119–20.

Nagel, Bruce F., John F. Thompson, Jr., and James Davee. Combining laser videodisc and digitally stored video images into a single logical database. March: 105–18.

O'Connor, Patrick M., see Eckert.

Pompe, Jeffrey. Marina valuation: An application of the hedonic method to wet slip pricing. September: 277–87.

Powers, Sally C. Comparing model structures. March: 3–28.

Reichert, Alan K. Price behavior in the markets for new and existing housing. December: 331–50.

Renard, Vincent. Property taxation and land policy in France. June: 145–57.

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.
Robinson, Dennis. Interactions between land policy and land-based tax policy. June: 125–44.
Schreiber, Jan, see Riley.
Shefter, Daniel M. A real improvement to discounted cash flow analysis: Accounting for state and local taxes and potential changes in tax policy. December: 301–11.
Simonds, Richard R. Public utility valuation methods: Theoretically equivalent but not redundant. September: 289–300.
Sirmans, C. F., see Sirmans, G. Stacy.
Sirmans, G. Stacy, C. F. Sirmans, and John D. Benjamin. Rental concessions, effective rent, and property values. September: 247–56.
Sunderman, Mark A., see Birch.
Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.
Thériault, Marius, see Des Rosiers.
Thompson, John F., Jr., see Nagel.
Turner, Bengt, see Hort.
Whybrow, Jennifer A., see Greenwood.
Wunderlich, Gene. Property as a public interest in private agricultural land. December: 351–61.

## Subject Index

### Agricultural Land

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.
Wunderlich, Gene. Property as a public interest in private agricultural land. December: 351–61.

### Apartment Building Models

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.
Sirmans, G. Stacy, C. F. Sirmans, and John D. Benjamin. Rental concessions, effective rent, and property values. September: 247–56.

## British Columbia

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

## Canada

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

## China

Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.

## Commercial

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

Sirmans, G. Stacy, C. F. Sirmans, and John D. Benjamin. Rental concessions, effective rent, and property values. September: 247–56.

## Computerization of Assessment

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.

## Computer-Assisted Mass Appraisal

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

Powers, Sally C. Comparing model structures. March: 3–28.

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.

### Computer-Assisted Review Assurance

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

### Contracting for Assessment Services

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.

### Cost Model

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.

### Discounted Cash Flow Analysis

Shefter, Daniel M. A real improvement to discounted cash flow analysis: Accounting for state and local taxes and potential changes in tax policy. December: 301–11.

### Equalization

Birch, John W., Mark A. Sunderman, and Thomas W. Hamilton. Adjusting for vertical and horizontal inequity: Supplementing mass appraisal systems. September: 257–76.

### France

Renard, Vincent. Property taxation and land policy in France. June: 145–57.

### Geographic Information Systems

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

### Hedonic Price Models

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Pompe, Jeffrey. Marina valuation: An application of the hedonic method to wet slip pricing. September: 277–87.

## Horizontal Inequity

Birch, John W., Mark A. Sunderman, and Thomas W. Hamilton. Adjusting for vertical and horizontal inequity: Supplementing mass appraisal systems. September: 257–76.

## Housing Markets

Reichert, Alan K. Price behavior in the markets for new and existing housing. December: 331–50.

## Image Databases

Nagel, Bruce F., John F. Thompson, Jr., and James Davee. Combining laser videodisc and digitally stored video images into a single logical database. March: 105–18.

## Income Models

Pompe, Jeffrey. Marina valuation: An application of the hedonic method to wet slip pricing. September: 277–87.
Simonds, Richard R. Public utility valuation methods: Theoretically equivalent but not redundant. September: 289–300.

## Land Policy

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.
Hort, Katinka, Bengt Kjellson, and Bengt Turner. The Swedish property tax. December: 313–29.
Johnson, Thomas E., Jr. Thailand's proposed asset tax: A solution to increasing urban land prices? June: 207–22.
Renard, Vincent. Property taxation and land policy in France. June: 145–57.
Robinson, Dennis. Interactions between land policy and land-based tax policy. June: 125–44.
Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.

Wunderlich, Gene. Property as a public interest in private agricultural land. December: 351–61.

**Laser Videodisc**

Nagel, Bruce F., John F. Thompson, Jr., and James Davee. Combining laser videodisc and digitally stored video images into a single logical database. March: 105–18.

**Location Analysis**

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

**Location Value Response Surface**

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

**Management of Assessment**

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.

**Manitoba**

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

**Marina Valuation**

Pompe, Jeffrey. Marina valuation: An application of the hedonic method to wet slip pricing. September: 277–87.

**Maryland, Assessment in**

Riley, William H., and Jan Schreiber. Statewide computer-assisted mass appraisal system: A pilot for Maryland. March: 83–103.

## Model Building

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.
Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.
Powers, Sally C. Comparing model structures. March: 3–28.

## Ontario

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

## Preferential Assessment

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.
Wunderlich, Gene. Property as a public interest in private agricultural land. December: 351–61.

## Property Rights

Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.

## Property Tax Reform

Hort, Katinka, Bengt Kjellson, and Bengt Turner. The Swedish property tax. December: 313–29.
Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.

## Public Utilities, Valuation Methods

Simonds, Richard R. Public utility valuation methods: Theoretically equivalent but not redundant. September: 289–300.

## Quebec

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

## Ratio Studies

Birch, John W., Mark A. Sunderman, and Thomas W. Hamilton. Adjusting for vertical and horizontal inequity: Supplementing mass appraisal systems. September: 257–76.

## Regression Analysis

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Eckert, Joseph K., and Patrick M. O'Connor. Computer-assisted review assurance (CARA): A California case study. March: 59–80.

Pompe, Jeffrey. Marina valuation: An application of the hedonic method to wet slip pricing. September: 277–87.

Powers, Sally C. Comparing model structures. March: 3–28.

Sirmans, G. Stacy, C. F. Sirmans, and John D. Benjamin. Rental concessions, effective rent, and property values. September: 247–56.

## Rent Concessions

Sirmans, G. Stacy, C. F. Sirmans, and John D. Benjamin. Rental concessions, effective rent, and property values. September: 247–56.

## Residential Models

Des Rosiers, François, and Marius Thériault. Integrating geographic information systems to hedonic price modeling: An application to the Quebec region. March: 29–57.

Powers, Sally C. Comparing model structures. March: 3–28.

## Stability of Models

Powers, Sally C. Comparing model structures. March: 3–28.

## Sweden

Hort, Katinka, Bengt Kjellson, and Bengt Turner. The Swedish property tax. December: 313–29.

## Tax Policy

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

Hort, Katinka, Bengt Kjellson, and Bengt Turner. The Swedish property tax. December: 313–29.

Johnson, Thomas E., Jr. Thailand's proposed asset tax: A solution to increasing urban land prices? June: 207–22.

Renard, Vincent. Property taxation and land policy in France. June: 145–57.

Robinson, Dennis. Interactions between land policy and land-based tax policy. June: 125–44.

Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.

## Thailand

Johnson, Thomas E., Jr. Thailand's proposed asset tax: A solution to increasing urban land prices? June: 207–22.

## Timberland

Greenwood, Julian K., and Jennifer A. Whybrow. Property tax treatment of agricultural and forestland in Canada: Implications for land use policy. June: 159–205.

## Transportable Models

Powers, Sally C. Comparing model structures. March: 3–28.

## Urban Land

Johnson, Thomas E., Jr. Thailand's proposed asset tax: A solution to increasing urban land prices? June: 207–22.
Renard, Vincent. Property taxation and land policy in France. June: 145–57.
Robinson, Dennis. Interactions between land policy and land-based tax policy. June: 125–44.
Tang, Yunbin. Role of property taxation in restructuring socialist economies: The case of China. June: 223–45.

## Vertical Inequity

Birch, John W., Mark A. Sunderman, and Thomas W. Hamilton. Adjusting for vertical and horizontal inequity: Supplementing mass appraisal systems. September: 257–76.
